2.2. When Affiliates of Xebia are providing the Services directly to the Client or a Client’s Affiliate under a SoW, the terms and conditions of the Agreement (including limitations of responsibilities and/or liabilities) shall extend to all such current and future Affiliates of Xebia. Both Parties agree that (i) each Party or its Affiliate is a separate and distinct legal entity; and (ii) each Party or its Affiliate shall be solely responsible for its actions (or omissions) hereunder.

Any and all claims in respect of a SoW against Xebia or its Affiliates shall only lie against the respective entity being a party to the respective SoW i.e. either Xebia or its respective Affiliate. Other general terms and conditions are hereby expressly rejected.

2.4. A SoW is effective only if both Parties have accepted and signed the SoW. Commitments from or agreements with Xebia’s personnel or third parties engaged by Client for a specific SoW are only enforceable when Xebia has confirmed such commitments and/or agreements in writing by its duly authorized representative.

Failure by Xebia to object to terms and conditions set by the Client shall, in no event be construed as an acceptance of any terms and conditions of the Client. Neither Xebia’s commencement of performance nor Xebia’s delivery of Services shall be deemed or constituted as acceptance of any of Client’s terms and conditions. Any communication or conduct of the Client which confirms an agreement for the provision of Services by Xebia, as well as acceptance by the Client of any provision of Services from Xebia shall constitute an unqualified acceptance by the Client of these Terms.

The extrajudicial collection costs are due at the time that Xebia has handed over the claim for collection and amounts to at least 15% of the unpaid amount, with a minimum of EUR/USD (as applicable) 250.00.

7.12. The indemnifying party shall not settle any third-party claim without the prior written consent of the indemnified party, unless such settlement provides a full and final release.

7.13. Any confidential information included in the Materials (whether from Xebia, the Client, or third parties) shall remain subject to the confidentiality terms in Clause 9. Client may not remove or alter any confidentiality notices, IPR markings, or trademark references included in the Materials.

This includes all necessary activities, excluding denial-of-service attacks, and covers any actions required to test or extract data within the scope of the Pen-test).

33.2. Client warrants having the legal right to subject the Target to the Pen-test. If not the owner, Client must obtain written consent, indemnification, and waiver from the legal owner, aligned with this Section. Client shall ensure Xebia receives this before the Pen-test begins and confirms no internal or regulatory restrictions apply to performing the Pen-test.

33.3. At Clients request, Xebia shall provide a report regarding the Pen-test performed.

33.4. With prior Client consent, Xebia may use and publish the Pen-test and Client’s name in a case study. An anonymized case study may be used without consent.

33.5. Client indemnifies Xebia against all claims or damages arising from the Pen-test or any breach of this Section, except in cases of Xebia’s gross negligence or willful misconduct. This indemnity is unlimited and overrides any liability caps agreed between parties.

33.6. Client acknowledges that a Pen-test does not guarantee the Target’s security, which remains the Client’s full responsibility. Xebia is not liable for any data loss or damage resulting from the Pen-test, and Client waives all related claims in advance

Software Resale Services

G

As trusted partners of leading technology vendors, Xebia offers a curated portfolio of software solutions that complement your IT strategy. With Xebia, you gain more than a license: you gain a partner committed to maximizing the value and performance of your software investments.

34 Scope

This Section applies where the SoW specifies that the Services to be performed relate to Software Resale. Software Resale Services refer to the procurement and resale by Xebia of third-party software licenses (the "Licenses") to Client, as further detailed in the applicable SoW/Order Form.

Software means any third-party software products or cloud-based tools, including related updates, upgrades, support, and documentation, made available to the Client by Xebia under a resale arrangement with the applicable software provider.

35 Delivery and Use

Xebia will deliver the Licenses to the Client by electronic transmission, download, or another method approved by the respective software provider (the "Provider"). The Client's use of the Licenses is governed by the applicable end-user license agreement (EULA) of the Provider, which the Client accepts by signing the SoW/Order Form.

36 Limitations and Indemnities

Xebia is not the publisher or developer of the Software. All warranties, indemnities, and rights relating to the Licenses are governed solely by the applicable Provider EULA. The Client shall hold Xebia harmless for any claims arising from the Client's breach of the EULA.

37 Renewal and Payment

If a Provider's EULA contains automatic renewal clauses, the Client must notify Xebia in writing at least thirty (30) days before the Provider's required notice period to avoid renewal. Fees for Licenses are due upon signing the SoW/Order Form. All amounts are exclusive of applicable taxes.

38 Liability and Charges

Xebia disclaims any liability for the Software's functionality, fitness for purpose, or any Provider platform charges incurred due to Client's usage of the Provider's platform. The Client is solely responsible for any such usage, regardless of which of its representatives initiated the usage or changes in the environment. All charges are non-cancellable and must be paid in full.

Solutions Services

H

Xebia’s Solutions are configurable accelerators designed to help organizations implement technology faster and more effectively. Each Solution consists of tested source files and templates developed by Xebia and licensed for deployment within your own environment.

39 Scope

This Section applies where the SoW/Order Form specifies that the Services to be performed relate to the provision of a Solution. A “Solution” refers to a set of pre-configured source files and templates developed by Xebia and licensed to the Client for deployment in the Client’s cloud infrastructure. The Solution may be modified for Client’s internal use.

40 License and restrictions

Subject to timely payment of Fees, Xebia grants the Client a non-exclusive, non-transferable license to use the Solution within the agreed Territory and for the stated Purpose. The license is perpetual unless terminated as per the Terms. Client may modify and integrate the Solution internally but may not sublicense, reverse-engineer, or use the Solution for third parties without prior written approval from Xebia.

41 Ownership and Intellectual Property

The Solution is Xebia Existing IPR and all rights remain with Xebia. Client obtains ownership rights only to the Modifications made for or by the Client. Where ownership transfer is not possible, Xebia grants a broad, irrevocable license to use the Modifications for internal business purposes. Xebia retains the right to reuse generic elements of the Solution.

42 Warranty and Support

Xebia warrants that the Solution will materially conform to its specifications for a period of ninety (90) days from delivery. This limited warranty excludes fitness for purpose, uninterrupted use, or compatibility with third-party software or systems. Client is responsible for backups, anti-virus protection, and data integrity.

43 Open Source components

The Solution may include open-source components governed by their own licenses. Client must comply with such terms independently. Xebia is not responsible for supporting open-source components beyond what is explicitly agreed.

44 Termination

Xebia may terminate the license with thirty (30) days’ notice in case of change of control, material breach not remedied within thirty (30) days, or Client bankruptcy. Upon termination, Client must cease use and return or delete all copies of the Solution. Licensing terms regarding Solution and Modifications survive termination.
