Cloud, Agents & Strategy
Delivery Excellence

Mateusz Dronka
Cloud, Agents & Strategy
Solutions engineering

Award

The Google Cloud partner ecosystem plays an essential role in driving customer success. As we enter a transformative new era, organizations move AI from early pilots into true production-grade deployment. Closing that gap takes far more than technology alone. Our Google Cloud Partner All-stars rethink workflows, navigate organizational change, and deliver impact.

We are honored to celebrate our Partner All-stars who consistently go above and beyond for our customers.

Xebia | Google Cloud
Proud of the people
who make it happen.
